

Day 03 - Vectors

$$\mathbf{r} = r_x \hat{x} + r_y \hat{y} + r_z \hat{z}$$

$$\mathbf{r} = r_x \hat{i} + r_y \hat{j} + r_z \hat{k}$$

$$\mathbf{r} = r_x \hat{e}_1 + r_y \hat{e}_2 + r_z \hat{e}_3$$

$$\mathbf{r} = \langle r_x, r_y, r_z \rangle$$

Announcements

- Homework 1 is due next Friday
- Help sessions will start next week

Goals for this week

Be able to answer the following questions.

- What is Classical Mechanics?
- How can we formulate it?
- What are the essential physics models for single particles?
- What mathematics do we need to get started?
