

Final Week – Project Presentations

Announcements

- Presentations: **Dec 1, 3, 5** (assigned slots)
- Final Project Due: **Dec 8 by 11:59 PM**
- Submit via D2L as **one zipped folder**
- **No Final Exam**

Final Project Components

- **Computational Essay – 60%** (Notebook + PDF)
- **Presentation – 25%** (In-class)
- **Peer Review – 15%** (During presentations)

Total: 30% of course grade

Submission Instructions

Your zipped folder must include:

- `README.md` – Overview of your project (team members, project title)
- `slides.pdf` – Your presentation slides
- `essay.ipynb` – Jupyter Notebook
- `essay.pdf` – PDF export of notebook
- `data/` – All datasets used
- `images/` – Any figures or media referenced
- `requirements.txt` – If you used non-standard libraries

Folder Structure Example

```
FinalProject_GroupName/  
  README.md  
  slides.pdf  
  essay.ipynb  
  essay.pdf  
  data/  
  images/  
  requirements.txt
```

Before You Submit

- Run all cells in a **fresh environment** – confirm reproducibility
- Use **relative paths** for data/images
- Ensure plots and outputs are visible in the PDF
- Check that all supporting files are included

Best Practices

- Clear folder organization
- Self-contained code (no hard-coded paths)
- Markdown cells for explanations
- Comment your code for clarity
- Include `requirements.txt` for extra libraries
- Descriptive file names (lowercase, no spaces)

Why This Matters

Reproducibility and clarity are essential in computational physics. These practices ensure:

- Your work can be understood and verified
- You develop professional habits for research and collaboration

Deadline: Dec 8, 11:59 PM – Submit to D2L

Reviewing Project Presentations

You must review two (2) other groups' presentations each day to receive full peer review credit.

- Those reviews must be completed in class on the day of the presentations.
- Those reviews must be complete and thorough to receive full credit.
- Any incomplete reviews will receive very little partial credit.

Others have worked hard on their projects; please be present, respectful and constructive in your feedback!

Review Form

<https://forms.cloud.microsoft/r/DF9MdrBJhf>

Complete this form **two (2) times**
each presentation day for full credit.
